

RINAK DUO

SADDLE AND FLAT STAPLING.
SIMPLE. FAST. PRECISE.

WE CREATE A PROFESSIONAL IMPRESSION

NAGEL

The proven electric stapler Rinak has been developed further and is now available as Rinak Duo. By connecting two Rinak staplers, booklets and pads can now be produced with two staples in one pass. The staples are positioned precisely and the accurate spacing of the staples – which is especially important with loop staples – is ensured. Even single Rinak staplers which are already installed at customer places can be upgraded to a Rinak Duo.

The Rinak Duo stapler is easy to operate and used wherever booklets or pads are produced, e.g. by administrations, schools, printers and copy shops.

Technical data RINAK DUO

Number of stapling heads	2
Pads of up to approx.	40 sheets
Broschures up to	30 sheets
