

## Intelligent Mail Processing System

## We've Got You Covered

Neopost's customer support is there for you with our contact center and trained technicians who are ready to assist you. We are committed to providing you with world class customer satisfaction and offer automatic diagnostics with our product line. By uploading systems data, we will be alerted if you are having

trouble. With **myneopost**, this remote access to your system allows us to analyze the situation remotely and then fix it accordingly.

## Why Choose Neopost?

Neopost is a global leader in mailing solutions, shipping services and digital communications. We believe that people are the key to business success. That's why our products and services are tailored to help your organization improve the quality of its interactions and bring people closer together.

In this age of multichannel communications, we guide and empower you to interact in new and innovative ways. We advise you on how to create cost-cutting synergies. And we deliver global coverage with a strong local presence, offering you continual support by phone, onsite or online.

Today, Neopost is present in 31 countries and has a network of partners in more than 90 countries. We promote responsible business and sustainable development through our products and outreach programs. And our 6,200 employees worldwide are committed to making your interactions more responsive and more powerful - offering you a competitive edge that will open up a wealth of business opportunities.

# Making your business life easier

## Growing businesses count on smart productivity tools to keep their offices running smoothly.

Neopost's IS-350 puts you at the centre of a simplified mail processing experience that brings your mail, your parcels and your postage funds together into one powerful package that is easy to set-up and use.

With state-of-the-art technology, whisper-quiet operation and myneopost online services at your fingertips, the IS-350 is the best-in-class solution to meet all your mail processing requirements. The sleek ergonomic design saves space and easily integrates into any business environment.

### Stay Connected with LAN

Save time and increase efficiency by taking advantage of the standard LAN connection that automatically connects to any network type. Enjoy fast and easy statistic uploads, rate change updates, re-crediting, system diagnostics, feature upgrades and software downloads. Running securely via your internal network, the LAN connection eliminates the need for a traditional analog phone line.

### Online Management: Monitor, Track and Control

Today's business environment demands optimized budgets and controlled costs.

Neopost's Mail Accounting Solution (MAS) delivers the detailed reports you need to track, analyze, allocate, forecast and consolidate your mail processing activities.

Establish budgets by department and then monitor costs with automatic alerts or limits to control overspending.

Connect your system to a PC with Neopost MAS and stay in control.

myNeopost provides on-demand online access to control your mailing system and postal expenditures.

### MailCare

To guarantee your organization's increased efficiency and effectiveness, we offer MailCare, a suite of Mailing System service packages based on comprehensive, long-term support that will keep your IS system and your business running smoothly and efficiently.

### Mix It Up - IS-440 Will Sort It Out

Using Differential Weighing, simply place all your mail on the Weighing Platform, remove an envelope from the stack and the correct postage amount is calculated automatically.

With **Smart Start technology**, each time an envelope is removed from the weighing platform, the powerfeeder starts and is ready to process mail or automatically dispense a postage label.

# Mail processing made simple

**2. Simple dashboard display** provides operational overview with user friendly prompts and menu

**1. Space saving integrated 3kg weighing platform** with Smart Start technology

**3. Shortcut keys** ensure maximum efficiency

**4. Convenient postage downloads** without prepayment requirement

### Easy to use operation

An intelligent operating panel puts even the occasional user in control with simple to use navigation menus.

Eliminate errors and improve productivity with a host of smart functions and effortless menu prompts that deliver the extensive features of the IS-350. Use the failsafe Rate

Wizard feature, as well as the easy-to-use Shortcut Keys and Impression Memories to save time and get your mail out faster.

### Never Out of Ink

Keeping your mail moving couldn't be easier with the Low Ink Alert feature that notifies Neopost when your cartridge gets low.

Our Customer Service Centre will give you a courtesy call to let you know you are

almost out of ink. Reordering online is simple and fast, and with the Click 'n' Snap design, changing cartridges has never been easier.
