20-point touch

Integrated Speakers

Powered by Android

Integrated 16GB storage

LUX User Interface

No Shadow

Comprehensive Warranty

4K Ultra HD

Anti Glare Glass

Integrated Wi-Fi

Low Power Consumption

Software and Apps

CLEVERMATHS

Create graphs, record scientific experiments with the diagram builder, input 2D and 3D shapes, and use maths and science tools such as the periodic table, atomic structure, compass, and protractor. Connected PC required.

DisplayNote transforms presentations for presenters and participants. Use it to present wirelessly with your device, and mirror your screen to participant's device. Attendees can view and capture slides on their device and collaborate with each other in real-time.

Create interactive lessons with Lynx, or open and edit old Notebook files. Features include a broad selection of brushes, fonts and shapes, and maths and science tools. Embed videos directly into the lesson slides and annotate over them. Lynx can be used in LUX or PC mode.

NOTE

The instant whiteboarding app makes it easy to make notes, annotations, diagrams and drawings. Notes can be saved and sent out to the group.

With Snowflake MultiTeach you can create exciting interactive activities, or use content others have created in the Lessons Community. MultiTeach can be used in LUX or PC mode. With Snowflake Business you can collaborate more efficiently and deliver memorable presentations. Connected PC required.

EShare

Stream content from your mobile device to your Clevertouch, or use your device as a remote.

LUX

PC Module

i5 Model Code: 1541041

i7 Model Code: 1541042

- Operating System: Windows 10 Pro
- i5 model: 4GB RAM, 128GB SSD
- i7 model: 8GB RAM, 256GB SSD
- 1 x Wireless Network Interface 802.11ac (2.4GHz/5GHz)
